

# Don't Panic.

We're  
**Psi Upsilon**  
(ΨΥ)

We're a **CO-ED** fraternity.

Don't have any interest in joining a fraternity? Neither did we! Psi U is probably not what you think of when you think about fraternities. We pride ourselves on having individual standards, not standard individuals. Come visit us at **831 Techwood Dr.**, and you will soon come to find out that Psi U isn't your average white-column fraternity.

Here are some things we like:

The Protomen	Number Theory
Kelvin Water Droppers	Turing Machines
Psychonauts	Videos of Cats
Shponge	POKEMANS
Saturday Morning Breakfast Cereal	
Fully Homomorphic Cryptography
